Projects

Personal-Portfolio ↗
HTML, CSS, JavaScript, React.js
Designed and developed a responsive personal portfolio to showcase skills, projects, and contact information. Implemented with React for dynamic content and smooth user experience. Deployed the site using Netlify for fast and reliable hosting.

Tic-Tac-Toe ↗
*HTML, CSS, JavaScript*
Developed a two-player browser-based Tic-Tac-Toe game with interactive UI. Implemented game logic using JavaScript, including win/draw detection and reset functionality. Styled with CSS for a clean and responsive layout.
